

# Impson

Logistics (Pty) Ltd

# Santova

Logistics (Pty) Ltd

## **Name change**

**We are proud to announce that we are changing our company name from Impson Logistics (Pty) Limited to Santova Logistics (Pty) Limited**

## **A more distinctive identity for our ability and for our company's future developments internationally**

The name change is due to the significant expansion and integration of our business activities which now includes an intelligent international capability far beyond the traditional clearing and forwarding activities.

The name change should also be perceived as an acknowledgement of the size, strength, and diversity of the entire Santova Group internationally, making "Santova" the cornerstone of our branding worldwide.

Santova, a JSE Securities Exchange listed company, with offices in Africa, Asia, Australasia, Europe and the United Kingdom, gives importers and exporters access to formidable infrastructure and tools that will effectively manage complex communication and data flow processes between key roleplayers throughout the entire logistics chain which will allow senior management to manage and optimise their business supply chains.

Not much will change. The company will continue to operate in its current structure whilst leveraging off the benefits that the International Group has to offer: reduced costs, improved efficiencies and effectiveness whilst enabling transparency through unrivalled electronic tools.

Our new Santova logo reflects the new and exciting times
