Our Client SVA Security Services Pty Ltd

In response to your request for our clients BEE rating/information, we wish that BEE is a strategic priority and that they are currently working with us as Legal consultants to improve their overall rating and achieve a level of compliance that will assist Companies with their own preferential procurement.

We have compiled a new verification profile, and accredited verification agency has been appointed and is in the process conducting the verification and accordingly issued our client with a verified BBB-EE certificate, based on the business' structure together with the initiatives that they have implemented, they should achieve a satisfactory BEE level as per the requirements..

As this is a process we undertake to advise both their suppliers and customers on a regular basis with regards to progress and alignment with the BEE Scorecard. We will try and get the new certificate issued as soon as possible.

We trust the above meets your approval and we await to hear from you in the event of any enquiries.

Yours Faithfully
