To Whom It May Concern:

Black Economic Empowerment Status: Ecotech Converge (Pty) Ltd

Registration Number: 2001/025506/07

Please note that our client, Echotech Converge (Pty) Ltd, has instructed us to embark on the process to determine their Black Economic Empowerment status, as contemplated in section 11 (2) (c) of the Broad Based Black Economic Empowerment Act, 2003 (Act 53 of 2003).

Although a process to this end has been initiated to meet the objectives of the said Act, it is up to our client to undergo and complete the verification process.

It is envisaged that the verification of the BEE status of this client will be finalized once all relevant documents have been submitted, captured, planned and a date confirmed, after which a BEE certificate, as per the minimum requirement of the SANAS R47-02 guidelines and the South African Standard on Assurance Engagements (SASAE 3502), will be issued reflecting the BEE status of the said company.

It is important to note that the issuing of the final certificate is dependent on the finalisation of the process.

If you have any queries, please contact the writer.

Kind Regards,
