Subject: BBBEE

To whom it may concern,

As a medium sized family owned trading company we unfortunately do not have a valid BBBEE rating, as we are a net importer we lose a tremendous amount of points on the preferential procurement section of the scorecard. Our only option is to part with equity.

The option to part with equity is unfortunately not a viable solution. We hope that the scorecard will in future be adjusted to cater for medium sized family owned businesses whom cannot part with equity. A dilution in shareholding often leads to diminished capital investment and reduced owner involvement, this usually leads to reduced service levels and increased prices.

We are committed to improving the lives of our workers, their families and the local community. This commitment is actioned in the form of annual charitable donations and the continuous reinvestment in our staff.

Thank you for understanding, we look forward to being of service.

Warm Regards

Dwayne Erasmus
Managing Director
