Dear Valued Customer,

AUTOMATION TECHNIQUES (PTY) LTD B-BBEE RATING

Due to the ever-changing demands and challenges within our sector, we recently took a strategic decision to restructure the operation of our business in order to achieve improved efficiencies and increased economies of scale.

In this regard, we have consulted an independent professional and been advised that we will only be in a position to receive an official B-BBEE certification in the future.

We are, however, fully committed to the transformation process as reflected in the attached Statement of Intent.

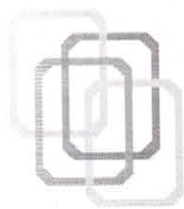

Once we are in possession of our official B-BBEE rating, we will inform you accordingly and furnish you with proof thereof.

Thank you for your patience.

Yours faithfully,

Kevin Baitz
Director
