Busch Vacuum South Africa (Pty) Ltd – BBBEE Status

Dear valued customers:

Please note that Busch Vacuum South Africa (Pty) Ltd is currently non-compliant in relation to BBBEE. Busch Vacuum is the OEM and a 100% owned subsidiary of Busch Holdings Germany GmbH, which makes being compliant at a level that is acceptable to customers quite a challenge.

We are actively investigating methods to correct this situation and have budgeted to implement these plans in 2025.

We apologise for any inconvenience caused while we rectify this situation.

We remain dedicated to servicing our customers with quality products and solutions.

Kind regards
